IDEALIST

ACTIVITY PROGRAM 62-6

1. **PURPOSE:** To provide additional funds under Contract [] with Eastman-Kodak Corporation, for in-plant film processing for the balance of Fiscal Year 1962.

2. **Description of Work or Services Required:**

Processing of additional film generated by the increase in planned operational missions for the IDEALIST Project. The Budget Estimate for Fiscal Year 1962 reflected a requirement for [] for thirty operational missions. A review of the Budget Estimate resulted in a reduced fund allocation to [] to support twenty operational missions. This amount was not reduced commensurate with the lesser number of missions flown in the first and second quarters of FY 62 because the simultaneous IDEALIST, ARGON and CORONA operations necessitated the need for three shifts per day at Eastman-Kodak to process the film "take". The increased emphasis placed on the IDEALIST Project during the third and fourth quarters of FY 62 has caused twenty-three operational missions to be flown to 6 May 1962 with ten more operational missions programmed through 30 June 1962. Due to the above increase in operational missions, additional funds are required as indicated in paragraph 4 below.
